

Mini-symposium on Cancer Epigenetics

癌症表觀遺傳研討會

Atsushi Kaneda | Keynote Speaker

Chiba University, Japan

Epigenomic rewiring by environmental factors during gastric tumorigenesis

Hsueh-Ping Catherine Chu

National Taiwan University, Taiwan

Non-coding RNA--TERRA regulates alternative lengthening of telomeres in cancer cells

Alfred Cheng

The Chinese University of Hong Kong, Hong Kong SAR

Epigenetic activation of antitumor immune responses for liver cancer immunotherapy

Tze-Ta Huang

National Cheng Kung University, Taiwan

Epigenetic deregulation of Protein Tyrosine Kinase 6 promotes carcinogenesis of oral squamous cell carcinoma

Date: Dec 15 (Friday), 2023 | 2:00pm-5:30pm

日期: 2023年12月15日

Venue: R132, Department of Biomedical Sciences,
College of Science, National Chung Cheng University

地點: 國立中正大學 理學院 生醫系132演講廳

Registration

國立中正大學生物醫學科學系
National Chung Cheng University
Department of Biomedical Sciences

Epigenomics and
Human Diseases Research Center
表觀基因體暨人類疾病研究中心
